

Transport Planning Consultant (6-month term)

Location: Addis Ababa, Ethiopia

ITDP Africa

Organization

The Institute for Transportation and Development Policy (ITDP) promotes sustainable and equitable transport worldwide. ITDP is a nonprofit organization headquartered in New York City with offices in Africa, Brazil, China, India, Indonesia, Mexico, and the United States. ITDP's programs focus on bus rapid transit, non-motorised transport, travel demand management, parking, transport policy, and urban development. More information about ITDP can be found at www.itdp.org.

ITDP has played a role in several projects in the African region, including the implementation of high-quality bus rapid transit (BRT) systems, cycling networks, and pedestrian projects. ITDP played a pivotal role in the implementation of Johannesburg's silver-standard Rea Vaya BRT corridors and in Cape Town's MyCiTi BRT. ITDP also supported the development of the Dar Rapid Transit BRT system in Dar es Salaam. ITDP is currently preparing a Sustainable Mobility Plan for the city of Kisumu and working on street designs to reclaim street space for pedestrians in Ruiru.

About the position

Based in Addis Ababa, Ethiopia, for a six month term, the Transport Planning Consultant will play a key role in the conceptualisation, design, and implementation of sustainable transport solutions.

The Consultant's primary responsibility will be developing and implementing a strategy to improve the non-motorised transport (NMT) environment in Addis Ababa, and may also include projects related to BRT, parking management, and urban development policy. The job will entail a significant amount of fieldwork, including site visits and field surveys. The candidate must have an excellent command of written and spoken English and Amharic. The Consultant will analyse primary and secondary transport data, prepare conceptual designs, and monitor project implementation. S/he will work closely with governments, consultants, and partner organisations. The Transport Planning Consultant will be based in Addis Ababa and will report to the Africa Program Director. S/he will work closely with head office staff, international experts, United Nations entities, and partner organizations.

RESPONSIBILITIES

- Work with governments, public transport authorities, and other bodies to collect, process, and analyze transport data.
- Plan and design non-motorised transport facilities.
- Prepare feasibility reports for transport systems.
- Gather information on international best practices in transport system design and apply lessons learned in locally.
- Support ITDP director in maintaining working relationships with national and local government officials, private sector counterparts, and NGO partners.

- Represent ITDP in meetings with civil society and government partners.
- Work with the Communications Team to create communications materials that facilitate implementation of ITDP initiatives.

REQUIRED QUALIFICATIONS

- A master's degree in transportation planning, transportation engineering, city planning, or other relevant field.
- 2-3 years of relevant professional experience.
- Excellent writing and speaking skills in English and Amharic.
- Familiarity with transport planning including survey design and management; demand analysis; and network planning. Knowledge of transport modelling preferred.
- Excellent Excel, Access, CAD, and GIS software skills required.
- Familiarity with the Adobe suite preferred.
- Strong commitment to advancing ITDP's mission and to environmental and social justice.
- Excellent research and analytical skills. You should enjoy working with numbers!
- Demonstrated ability to manage people and projects to successful project outcomes.
- Strong communication skills, including preparing effective graphics and making powerful presentations.
- Ability to communicate complex transport issues through concise, compelling messages.
- Ability to manage multiple priorities and projects with flexibility, work well under pressure and keep to deadlines.
- Ability to maintain high standards while contributing pragmatic ideas.
- Availability to travel frequently.

How to Apply

Note, this position is limited to a term of six months and is based in Addis Ababa, Ethiopia. Local candidates will be given preference. Interested applicants can apply by sending the following information to africa-jobs@itdp.org with "Transport Planning Consultant, Addis Ababa" in the subject line:

- Resume.
- Samples of written work: thesis abstract, technical reports, etc.
- Samples of visual representations such as GIS maps or infographics.
- A one-page note on improving the bus system in your city (with three specific interventions).

We are unable to consider applications without the above details. The position will remain open until filled.
